Tools	VS code, Postman, Git, SourceTree, Jenkins, Chrome and Edge DevTools
College Coursework	Artificial Intelligence, Data Structures and Algorithms

EXPERIENCE

Enhanced Information Solutions Pvt Ltd   Jan 2022 – Present
Software Engineer   *Pune, Maharashtra*

- Contributed to the development of user interfaces for healthcare frontend applications using technologies such as **JavaScript**, AJAX, JSON, **React.js** and **Backbone.js**. Accessed data through **REST-API** calls and conducted unit testing.
- Applied Lifecycle Methods, managed State, Props, and Events to craft engaging and dynamic React Components, while achieving seamless routing with react-router.
- Executed Responsive Web Design strategies using custom media queries for optimal viewing across devices and ensuring consistent performance across browsers.
- Operated within agile methodologies, enabling swift iteration on software features, incorporating stakeholder feedback, and continuously enhancing the software development process. Collaborated across teams to ensure timely testing and resolution of new pages/products, addressing any issues within a **48-hour** window.
- Spearheaded a team of two in successfully introducing a novel module, the Query Viewer, to the application. Achieved on-time delivery coupled with a notable **30%** enhancement in **code optimization**.
- Developed streamlining processes by implementing **dynamic functionality** within the Step Creation module, effectively eliminating the need for manual intervention.

Cognizant Technology Solutions   June 2021 - Dec 2021
Program Analyst Trainee   *Pune, Maharashtra*

- Developed and designed efficient AI-powered conversational chatbots using **Kore.ai** for **healthcare industry**.
- Developed and executed test plans to ensure that the chatbot was functioning as expected and met the quality standards set by the project team. Worked with DevOps engineers to maintain automated build, test, and deployment pipelines using **Jenkins**.

Simply Compete Pvt Ltd   June 2020 - May 2021
Associate Developer   *Pune, Maharashtra*

- Utilized HTML, CSS **Angular.js** and JavaScript concepts to create **10+** highly responsive pages for a sports and education platform.
- Implemented autocomplete search recommendation component throughout the application.
- Refactored the quiz-related functionality and database for the education and sports platform, resulting in a **40%** reduction in code and improved performance.

EDUCATION

B.E Computer Engineering - VIIT, Pune   2017 - 2020

Diploma in Computer Engineering - Government Polytechnic, Aurangabad   2014 - 2017

CERTIFICATES

- Certified AI Professional, NIELIT
- Conversational AI Bot Development, Kore.ai
- RESTful API with HTTP and JavaScript, Coursera
